Free the Lemonade Stand

House Bill 664

Pennsylvania Consolidated Statutes to allow minors to operate a lemonade stand, or other small business, without receiving a business license from their municipality or HOA.

Pennsylvania has a long history of entrepreneurial spirit, but recent news articles about lemonade stands, run by a minor, being shut down due to a lack of a municipal permit is showing that we are not open to new entrepreneurs. These municipalities are preventing kids from learning a valuable lesson about running a small business.

My legislation would allow a business, exclusively owned by one or more minors receiving not more than \$10,000 in net proceeds per year, operating on an occasional basis from being required to obtain a license from the municipality or HOA that it operates out of.

Help Prevent Water Pollution

Disposing of chemicals and toxins in the storm drain, landfill or sewer system can lead to water pollution. Take these products to a Household Hazardous Waste Collection Center (HHWCC). It is FREE and easy. Products are recycled, reused or disposed of in an environmentally responsible way. **What is Household Hazardous Waste? and what should be taken to a recycling center? Draw lines from each household item to the appropriate disposal center below.**
